(1) **Read Your Policy Carefully** — This outline of coverage provides a very brief description of the important features of your policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both you and your insurance company. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

(2) **Comprehensive Health Insurance Coverage** — Policies of this category are designed to provide to persons insured, coverage for major hospital, medical, and surgical expenses incurred as a result of a covered accident or sickness. Coverage is provided for daily hospital room and board, miscellaneous hospital services, surgical services, anesthesia services, in-hospital medical services, and out of hospital care, subject to any deductibles, co-payment provisions, or other limitations which may be set forth in the policy. *Basic* hospital or *basic* medical insurance coverage is not provided.

(3) **Description of Benefits** – The policy provides Comprehensive Health Preferred Provider Organization (PPO) Insurance coverage. You have the option to receive services from a Preferred Provider or a Non-Preferred Provider. Generally, benefits are paid at a higher level when a Preferred Provider is used. The Schedule of Benefits reflects the benefits payable when services for Covered Benefits are provided by a Preferred Provider or a Non-Preferred Provider. The Schedule of Benefits and the Covered Benefits provided under the Policy are indicated below in this section.

(4) **Out-of-Network Maximum** – **Be aware that your actual costs for services provided by an out-of-network provider may exceed this policy's maximum out-of-pocket for out-of-network services. Your costs for the following covered services do not accumulate toward the maximum out-of-pocket amount if delivered by an out-of-network provider: Dental Services, Vision Services and Prescription Drug Services. In addition, out-of-network providers can bill you for the difference between the amount charged by the provider and the amount allowed by the insurance company, and that amount is not counted toward the out-of-network maximum out-of-pocket.**
