

Welcome to VSP® Vision Care, and thank you for trusting us with your child's eyecare and eyewear needs.

Your child is covered-in-full for an eye exam, as well as glasses or contacts once a year—at no cost to you. Many states require children to get an eye exam before entering kindergarten, and we recommend an eye exam at the beginning of every school year to start the year off right.

Enjoy the best care to keep your child's eyes healthy, year after year.

- Get the best care with a WellVision Exam®—a thorough eye exam that tests for childhood eye health and vision issues, like nearsightedness, amblyopia (lazy eye) and strabismus (cross-eye).
- Receive the highest quality eyecare from a VSP doctor you can trust.
- Find the perfect pair of glasses from a wide selection of children's frames from our exclusive Otis & Piper™ eyewear collection.

Using your child's VSP benefit is easy.

- Find a VSP doctor who specializes in eyecare for children at vsp.com.
- Review your child's benefit information. Visit vsp.com to review plan coverage before an appointment.
- At the appointment, tell them your child has VSP.

That's it! We'll handle the rest—there are no claim forms to complete when your child sees a VSP doctor.

Jim McGrann,
President of VSP Vision Care
